# Welcome To Sale 75

*Welcome to our final Auction for the next 12 months! No, we are not going anywhere, but having already done three sales this year, we are having a short hiatus, in which time will be renovating our offices, and updating our website to be the premier numismatic auction site in Australia! This exciting sale has a large number of lots on offer from three different estates, which due to their size, will be split over the next few auctions with most being unreserved. To match this the current sale has many heavily reduced reserves in order to clear items, with many reserves set well under estimate, some by as much as 25% or more, so keep this in mind when placing bids! After this current sale, all remaining unsold lots will then be returned to vendors, as we will be starting anew with our next sale in September 2012 with a fresh and exciting offering, with several amazing collections already slated for the next sale! We will be accepting limited lots in May 2012, when we return to a fully operational status. In the meantime, please enjoy the excellent bargain packed offerings of Sale 75...*

## Some Sale 75 Auction Highlights and more...

As we contemplate the offerings in this sale, it is interesting to note that the International Numismatic market has been going ballistic, and in many areas, is the strongest it has ever been. Sales in the US and Britain have been reaching new record prices at every turn, underlying the strength of the world market, yet we have lagged behind in the last few years in this respect. The auction scene locally has also been sluggish in comparison to the current catalogue prices in many areas, something that used to be the opposite in times past, and I can see a time in the not too distant future where some major upwards corrections in prices will occur, as well as some corrections in other areas that, on the surface, appear currently overvalued.

One of the key highlights featured in this sale is a 50 Pound 1920 Cerutti-Collins (R 67c), but what is so special about this note is the superb grade. Originally part of the only known run of 50 Pounds (the middle note of a trio) that has been split up over the years perhaps accounts for the unusually high grade of this note, which is in nearly Uncirculated condition. Always a beautiful note in any grade, this particular 50 Pound is a sight to behold in this amazing condition. Estimated at \$240,000 but expected to bring from \$200,000 and up, this is one of the most significant banknotes to be offered in recent years.

One of the rarest Kookaburra Pennies is the Type 9 example, and the one on offer in this sale is a gem. This seldom offered coin is one of only two where the legend is in a "square" rather than circular shape, giving this coin a completely unique look. This coin is in superior condition, and with the provenance being ex the Museum of Victoria duplicate sale and one of the finest known is sure to attract plenty of interest. Estimated at \$150,000, this rare coin will sell well under the odds. Other key items on offer include an aVF Potosi Mint Holey Dollar 1813 (1796/5) ex R Farman, R Jewell, R Sutton and estimated at \$110,000, it presents a fabulous chance to own an attractive and rare piece of our Colonial history at a fantastic price. A superb blue and red toned Taylor Pattern Shilling in silver is another key highlight. This very attractive and very much in demand rare coin with a wonderful pedigree should easily fetch in the \$60,000 range given recent demand for such items.

A number of rare Pre Decimal Proof coins are also on offer in this sale, highlighted by a 1951PL Penny FDC, a 1954 Halfpenny, and a 1911 Specimen Threepence. Also there is a lovely complete matched set of QE II Proofs from 1955 – 1963, including the rare Perth issues, and estimated at a very reasonable \$50,000. Highlights of the Pre Decimal coins include a sharp UNC 1923 Halfpenny esti-

mated at \$55,000, three 1930 Pennies, an UNC 1925 Penny estimated at \$25,000 and a very rare 1920 Dot Over variety, possible the finest known and estimated at \$38,000. There are also some choice key date Florins including a 1913, 1914 H, 1915, 1915H, 1921, 1922, 1924 and 1932, and numerous Choice and Gem coins in Copper and Silver, and a substantial collector and bullion Gold section including an aVF 1855 Half Sovereign, a 10 ounce gold Proof Kangaroo, a gEF/aUNC Adelaide Pound Type II and a Choice 1859 Sydney Mint Half Sovereign. All in all, a very strong offering.

Other rare Banknotes on offer in this sale include a 1 Pound 1913 Red Serial variety in gFINE, estimated at \$50,000. This rare and seldom seen issue is the best example to be seen on the market in many long years, and with only a handful known, is sure to be keenly contested. Pre Decimal Starnotes include a high grade 10 Shillings 1942 Armitage-McFarlane and an UNC 10 Shillings 1949 Coombs-Watt. A number of Rare Pre Federation issues, a presented Type I Specimen set and some Choice and UNC Pre Decimal banknotes help to make up another excellent selection.

Three large deceased estates round out a larger than usual selection, comprised of a number of cheaper and superior Pre Decimal Coins and Banknotes, as well as mint products, bulk lots, full sets, albums and sheets of coins which are almost all being offered unreserved. A fantastic selection of World and Proclamation Coins, World and Australian Gold, Australian Tokens (including 20 lots of Internment Camp Tokens), Misprints and Mis-Strikes and much more round out the excellent selection. With a substantial quantity of material on offer (including all the unreserved items) all needing to be cleared, there is bound to be something in this sale for every collector and investor.

As an astute client of ours recently pointed out, there have been 15 single sales so far this year of Australian Coins and Banknotes of \$100,000 or over from countless thousands of lots sold in all Australian auctions held so far to date. We have, through our last two auctions alone, accounted for 13 out of those 15 items sold, along with numerous sales over the \$50,000 mark. Enough said!

# Terms And Conditions of Sale

*Please read the following "Terms of Sale" carefully. These terms are applicable to all floor bidders and mail bidders in this auction. Your submission of bids in this Auction constitutes your acceptance of these "Terms of Sale".*

- 1.** This is a public auction sale, NOT an approval sale. At the fall of the gavel or auctioneer's call of "Sold", all sales are final. By bidding in this auction, the bidder personally guarantees all payments. The auctioneer has final discretion in all matters. In case of dispute, the lot(s) in question may be resold. Lots will be sold in their numerical sequence unless the auctioneer directs otherwise.
  - 2.** Payments must be made in full and lots must be removed the day of the sale or by 5p.m. the next day. Absolutely No lots will be released until payment in full has been made. Payment may be made in Cash, by Personal Cheques (with proper identification, at their discretion of International Auction Galleries), or by Bank Transfer or Major Credit Cards as stipulated. Successful postal bidders will be notified by mail via an auction receipt.
  - 3.** A 16.5% buyer's premium will be added to the knock down price of each lot (includes GST). **All Credit Card payments by Amex will incur a 3% surcharge.**
  - 4.** Unless otherwise specifically stated by the auctioneer, each new bid shall be raised above the previous bid by such amount as is determined by the auctioneer during the course of the auction, and no party shall be allowed to retract his or her bid after acknowledgment by the auctioneer.
  - 5.** The auctioneer reserves the right to refuse any bid and to withdraw any goods from sale at any time, or to disclose any reserves or vendor information, without having to state any reason.
  - 6.** At the fall of the hammer, (if required by the Auctioneer), the purchaser shall give his or her full name and address, and pay 25% of the purchase price deposit. In default, the lot(s) purchased may, at the auctioneer's discretion, immediately be reoffered and resold. All lots sold will remain the property of the owner/vendor until cleared payment is made in full. Only then will the title of ownership of the lots pass to the purchaser, irrespective of any terms or deferment of payment due.
  - 7.** Except as otherwise provided by state or federal law, no condition or warranty is given or implied by the auctioneer in respect of any lot offered. As all lots are given for inspection prior to the commencement of the sale, it shall be presumed that the goods have been inspected and that the purchaser accepts the goods bought with all faults, if any, as described. All lots are guaranteed genuine, except where so described; however if a lot sold is found to be a deliberate fake or forgery, the purchaser may return it, and receive upon confirmation of the same, a full refund.
  - 8.** The auctioneer shall not be liable for any description or mis-description given to the goods for sale. Any statement as to the quantity of goods is approximate only and is as represented to the auctioneer. The auctioneer gives no warranty that the quantities as stated are correct.
  - 9.** If any purchaser fails to comply with any of these conditions or if any cheque given on account of the purchase price of any goods is dishonored, any monies which the purchaser has paid to the auctioneer on account of the purchase shall be forfeited absolutely to the vendor. The vendor or the auctioneer is at liberty to re-sell the lot in any manner and upon such terms and conditions as they may deem proper and to sue the purchaser for damages. All losses and expenses incurred by the vendor or the auctioneer and all damages which the vendor or the auctioneer may sustain resulting from any re-sale, shall be recovered from the purchaser as liquidated damages. Without limiting the generality of the foregoing the auctioneer in the event of such resale is entitled to:
    - a)** The amount of any commission lost as a result of the purchaser not proceeding with the purchase
    - b)** The cost of advertising and other general expenses in respect to any such re-sale.
    - c)** Any difference in price from the initial sale to the price received in the re sale of the items(s).
  - A service charge of 2% per month (Or part thereof) will be added to all overdue accounts (30 days after the date of Auction is then deemed to be in the overdue period for unpaid accounts).**
  - 10.** Estimates are given only as a guide, and not given as starting points for bidding: lots may sell for a price greater than or less than these estimates. Bidding will start at an increment above the lowest postal bid received, or at the Auctioneers sole discretion. All prices are in Australian Dollars.
  - 11.** No lots purchased by a floor bidder may be returned, including those lots where the bidder is acting as agent for another, or to mail bidders who have examined the lot(s). These are no returns or refunds except for reason of lack of authenticity or genuine mistake. Late remittance constitutes just cause for revocation of all return privileges.
- In the event that a bidder is acting as an agent for Another, and that agency has not been disclosed to the auctioneer in writing 24 hours before the Sale date, then the bidder is deemed by the auctioneer to be the final buyer in all respects, and is fully responsible for all payments, fees and charges.
- In no event may any lot(s) be returned after (21) days from the date of the auction. All sales are then final.**
