

IAG's Live Online Only Auction a Big Hit!

IAG's Live Online Only Auction OS 8 held on the 14th of December was another strong result for the leaders in live Online Auctions. Over 800 bidders logged into this sale, with more than 140 successful buyers and over 3,500 total bids - a fantastic result from the 810 lots on offer!

Highlights sold included a rare Taylor

The rare Taylor Pattern Shilling in silver sold for \$35,775.

Pattern Shilling in Silver knocked down for \$35,775, whilst a unique Commonwealth Bank Pre Federation Specimen set from 1 Pound to 50 Pounds was hotly contested, finally selling after 36 bids for 50% over the start price at \$56,643.

A superb 1934 Proof Silver set from Threepence to Florin featuring the highest ever graded George V coin (the Threepence - PCGS graded PR 68 CA) sold for \$45,553 all up, whilst a 1930 Penny PCGS graded VF 35 sold for \$20,273. Banknotes again proved to be strong, showing that there is significant life returning to that market with good sales in Pre Decimal, Specimens and Starnotes, with decimal notes a stand-out. Pre Decimal Proof coins were gen-

erally solid, with Commonwealth just a little patchy, depending on vendors expectations. Unreserved lots sold strongly as usual, often to 20 to 30 bids and 5 to 6 bidders.

IAG's next Online only Sale will be in June, with their next signature Live floor Auction - Sale 85 to be held in March. Consignments are not being taken for both (sales commission free to every vendor!).

Go to www.iagauctions.com for more information, to download previous catalogues and for vendor details and consignments or phone IAG direct on - Phone (07) 55 380 300 - Email mail@iagauctions.com with any queries.
