Welcome to IAG's Postal Sale 1

Welcome to our first ever Postal Bid Only Sale! To be honest, we are not really quite sure exactly how this sale is all going to work out, but I guess we will know when it's all over! We saw a need for us to move into this area given the amount of cheaper material in quantities we were being offered, and the strong demand for such material in the market has led us to this point. The continually increasing costs of a full live auction, with auction expenses such as printing, postage, insurance, room hire, wages, etc all significantly increasing in the last 3 years meant another vehicle was needed to realise such a sale, thus our first Postal Sale was born. We have undertaken to print a catalogue for this first sale, but in future all such sales will be fully internet based only. At this stage we don't have another one planned this year, but will see what happens. Our next live auction will be Sale 76 on the 2nd of September 2012. This fresh sale will be something to look forward to for sure.

Whilst some may balk at the thought of this, we have decided to design our own software in house (Mr. Christo Mircev, our head of IT and design has done all the work here) specifically with a view to making such a sale an easy and comprehensive experience that is more personal than an off the shelf program. The Auction lots can all be viewed online, with additional lot images only available to those who have registered and logged in, and every aspect of the auction sale can be managed from here. Eventually we will integrate full payment and shipping from this online facility as well as add in other features. All postal bidding is handled by the system, with bids starting at the minimum start reserve price, and bids increase in increments of only \$1, regardless of the lots' estimate. Postal bidders will then battle it out for lots on this online live basis until the final winner is known at the 6pm cutoff point on Monday the 25th June. Postal bids can be submitted via the usual methods (fax and email) and we will input them for you also.

This sale largely contains the contents of two large estates we have been handling for the last year, with one Pre Decimal coin based, and one more note based with a lot of other general stock. We have also cleaned out our safes looking for any old and unsold stock, along with some smaller vendor lots received for Sale 76 that have been shifted into here, and one vendor who is quitting his collection built up primarily of items purchased from us over the last 5 years. A number of the key items will appear over the next few live sales as well. There are also some older unsold lots, many of which have had reserves slashed to present as many bargain priced items as possible for clearance, making this sale a must buy for those looking to purchase items at well under retail prices, and sometimes as low as a fifth or more of the current catalogue prices!

There is also a dedicated Bullion section, where we are trialling a new way to buy and sell Bullion material. The lots (217 – 241) will be sold without any applicable buyers premium (or GST for that matter), and will be priced on the daily bullion price. This means the knock down price on these lots only is the final price. This will allow people to instantly buy and bid on bullion without needing to factor in cumbersome premium equations. Sellers will also find this method of benefit, with only a nominal charge (5.5% including GST) applicable, making this a most competitive way to buy and sell bullion. We will be expanding on this section in coming auctions, so stay tuned!

There will be limited viewing for any local or visiting clients in our offices by appointment only from Monday the 18th to Friday the 22nd June, or by special prior arrangement where possible. All other terms and conditions are the same as for a live sale. If you have any questions, please contact us via email.

To bid online and to watch updated live bidding you will need to create an account and log in via the website. The sale will close at 6pm Monday the 25th June, where all bids will then be final.

Buyers Premium: A 16.5% total Buyers Premium will be added on to the knock-down price of all lots apart from the specially marked "Bullion Only" section. These lots will attract no buyers premium, and will be sold at the knockdown price with no other charges in order to simplify the bullion pricing and buying to the daily metal price.

Postal Bidders: Bidding for this sale can be via several different methods:

- 1) As usual, via postal submissions/fax/email. This will be entered into the postal sale by us as we receive them. All bids will start at the reserve, or at the current bid level, and will be finalised along with all live bidding at the conclusion of the auction.

You will have the ability to see current bid levels, to make up a wish list of items, and to watch what you are winning and losing in real time. There will be full descriptions and images also available on the website. New postal clients will have to supply adequate information and identification to be cleared to bid. This can all be done from the website.

All bids will start at reserve or the current lowest bid level, and will increase automatically in increments of \$1 regardless of estimate or reserve. Live bidding will be updated automatically on your browser every 30 seconds.

Payment: All amounts are in Australian Dollars. Credit Cards (accepted with signature & full address details): MasterCard, Visa & AMEX only. A Surcharge of 3% will also be applied to all AMEX card charges only.

Postage and Insurance: We have simplified all postage and packaging charges now. All postage will be charged at \$5 per 500 grams for registered mail, or at our cost price.

Smaller lots under \$200 will be sent normal mail unless otherwise specified, and at no charge. Items will not be insured at all unless it is requested. Insurance is charged at \$1 per \$100 upon request.

At our discretion we reserve the right to hold new clients lots who pay by credit card for up to 60 days. **All Auction payments are to be completely finalised within 14 days of sale please.** For any more information please contact us during business hours at our office on: (07) 55 380 300. Alternatively you can email us at: mail@iagauctions.com

Direct Bank Payments/Postage: Please advise us if you are paying by electronic transfer, to ensure that your payments get processed effectively. Terms And Conditions of Sale

Please read the following "Terms of Sale" carefully. These terms are applicable to all Postal bidders either via mail, email or website bidding in this auction. Your submission of bids in this Auction constitutes your acceptance of these "Terms of Sale".

- 1.** This is a Postal auction sale, NOT an approval sale. At the conclusion of the sale at 6pm on Monday the 25th June 2012 (as measured by the IAG servers time clock), all sales are then final. By bidding in this auction, the bidder personally guarantees all payments. IAG has final discretion in all matters. In case of dispute, the lot(s) in question may be resold or reoffered to the highest under bidder at IAG's discretion. All lots will be sold and finalised simultaneously at 6pm on Monday the 25th June 2012.
- 2.** Payments must be made in full within 14 days from the close of sale. Absolutely No lots will be released until payment in full has been made. Payment may be made in Cash, by Personal Cheques (with proper identification, at the discretion of IAG), or by Bank Transfer or Major Credit Cards as stipulated. Successful postal bidders will be notified by mail via an auction receipt. Lots can also be picked up from our offices.
- 3.** A 16.5% buyer's premium will be added to the knock down price of each lot (includes GST) except on Bullion lots where noted in the catalogue. **All Credit Card payments by Amex will incur a 3% surcharge.**
- 4.** Unless otherwise specifically stated, each new bid shall be increased automatically by \$1 increments. This is an automated process controlled by the IAG Auction program. Bidding starts at the minimum reserve, and will include all postal bids received in real time. No party shall be allowed to retract his or her bid after acknowledgment by the automated process, so bids must be carefully checked.
- 5.** IAG reserves the right to refuse any bid and to withdraw any goods from sale at any time, or to disclose any reserves or vendor information, without having to state any reason.
- 6.** At the conclusion of the sale, (if required by IAG), the purchaser shall give his or her full name and address, and pay 25% of the purchase price deposit. In default, the lot(s) purchased may, at the auctioneer's discretion, immediately be reoffered and resold. All lots sold will remain the property of the owner/vendor until cleared payment is made in full. Only then will the title of ownership of the lots pass to the purchaser, irrespective of any terms or deferment of payment due.
- 7.** Except as otherwise provided by state or federal law, no condition or warranty is given or implied by the auctioneer in respect of any lot offered. As all lots are given for inspection prior to the commencement of the sale, it shall be presumed that the goods have been inspected and that the purchaser accepts the goods bought with all faults, if any, as described. All lots are guaranteed genuine, except where so described; however if a lot sold is found to be a deliberate fake or forgery, the purchaser may return it, and receive upon confirmation of the same, a full refund.
- 8.** IAG shall not be liable for any description or mis-description given to the goods for sale. Any statement as to the quantity of goods is approximate only as represented by IAG. IAG gives no warranty that the quantities as stated are correct.
- 9.** If any purchaser fails to comply with any of these conditions or if any cheque given on account of the purchase price of any goods is dishonoured, any monies which the purchaser has paid to the auctioneer on account of the purchase shall be forfeited absolutely to the vendor. The vendor or the auctioneer is at liberty to re-sell the lot in any manner and upon such terms and conditions as they may deem proper and to sue the purchaser for damages. All losses and expenses incurred by the vendor or the auctioneer and all damages which the vendor or the auctioneer may sustain resulting from any re-sale, shall be recovered from the purchaser as liquidated damages. Without limiting the generality of the foregoing the auctioneer in the event of such resale is entitled to:
 - a)** The amount of any commission lost as a result of the purchaser not proceeding with the purchase
 - b)** The cost of advertising and other general expenses in respect to any such re-sale.
 - c)** Any difference in price from the initial sale to the price received in the re sale of the items(s).
- A service charge of 2% per month (or part thereof) will be added to all overdue accounts (30 days after the date of Auction is then deemed to be in the overdue period for unpaid accounts).**
- 10.** Estimates are given only as a guide, however lots may sell for a price greater than or less than these estimates. Bidding will start at the stated reserve (where applicable). All prices are in Australian Dollars.
- 11.** No lots purchased may be returned, including those lots where the bidder is acting as agent for another, to postal bidders who have examined the lot(s). There are no returns or refunds except for reason of lack of authenticity or genuine mistake. Late remittance constitutes just cause for revocation of all return privileges. In the event that a bidder is acting as an agent for another, and that agency has not been disclosed to IAG in writing 24 hours before the Sale date, then the bidder is deemed by the auctioneer to be the final buyer in all respects, and is fully responsible for all payments, fees and charges.
- In no event may any lot(s) be returned after (21) days from the date of the auction. All sales are then final.**
