Welcome To IAGs Signature Sale 100

Welcome to IAG's 100th Signature Sale! This sale is a milestone auction for us, being the 100th major Signature Sale we have held. Of course this isn't our 100th auction, as over the course of the last 39 years we have held thousands of auctions (we even ran weekly auctions for a number of years), however our major sales have always been our 'Catalogue' auctions, where we actually produce a printed catalogue. In the early days they were no more than a small 16 page photocopied booklet with no pictures but we still sold Holey Dollars, Adelaide Pounds and all sorts of key rarities— how far we have come! I think that this fantastic sale ranks right up there with the very best we have ever put together and is a fitting tribute to our milestone 100th Signature Sale.

100 Major auctions over the last 39 years certainly is a significant achievement, and looking back, there really isn't much over that period that we haven't sold! When we started as the third Numismatic Auction House in 1985 behind Downies and Spink Auctions (Nobles), things were certainly very different! In those days, everything was done in person and face to face, many huge deals were done over a meal or with a handshake, and the more impersonal online world was simply something that most couldn't even imagine! IAG still holds the World Record price for any Australian numismatic item at \$1,909,000 in Sale 67 when we sold the Number One 10/- Banknote – the first Banknote issued of the Pre Decimal series. Over the years we have handled hundreds of millions of dollars of the rarest material, but it really comes down to our friends - our fellow dealers, collectors, vendors and of course our staff - who we have gone through all of this with, that have made this journey such a memorable experience.

Let me first and foremost thank the 120 vendors in Sale 100 for contributing to this amazing selection of material! A few special ones need to be pointed out, starting with the 'Eridmatos' collection of errors, which encompasses some of the rarest and most striking Australian errors assembled, being offered as a single lot. There is a significant selection of Banknotes from the Estate of our late good friend and Sydney dealer Trevor Wilkin, who sadly passed away in 2022. Every serious polymer (and Decimal) collector knows of Harold Peake and the famous sets he put together, and S 100 has the final remaining items from his estate, which includes his rarest personal highlight; the unique 'Set One' - two full reconstructed \$10 uncut sheets including a unique Sydney Fair thrice-printed and twice-issued Block of Four!

Apologies to vendors that contacted us late when we already had sections fully allocated. Four large estates and the incredible popularity of our auctions means we have been oversupplied with material that we are still working our way through. Space in our next auction - OS 22 in December - is already limited, so contact us ASAP if you are looking to consign to any of our upcoming auctions. Sale 101 will be in March 2025, and is sure to be another cracking sale.

Some Sale 100 Auction Highlights and more...

Comprising 2,000 lots to be held over 3 sessions, Sale 100 features so many highlights it is a crime to mention only a few, but well, here goes! This auction features five different but equally key coin highlights that are all significant in their own right but couldn't be more different, and are rare and exciting in their own ways! First of these is the key highlight and a standout of the many choice Proclamation issues on offer; an attractive 1813 NSW Holey Dollar 1796FM in gVF. This famous Colonial rarity is sure to get the pulse racing of any real lover of numismatics.

Next are two exceedingly rare early Proof gold issues; a rarely offered Sydney Mint 1856 Half Sovereign graded PR 62 CAM and an 1896M Proof Sovereign graded PR 65+ DCAM. These beautiful and rare proof gold issues both have impressive pedigrees. Another key highlight is a superior grade 1930 Penny with eight pearls and an almost full band, and graded at gVF/aEF is amongst the best examples of this famous 20th Century coin around. Finally, we are privileged to offer another highly sought after 'unicorn' issue - the extremely rare and highly prized gold Pattern Swan Dollar from 1967.

Sure to be strongly supported is an old collection of English coinage, including some superb and very rare examples, with highlights including a Charles II 5 Guineas 1673 in gVF, a 1651 gold Unite Commonwealth in gEF/aUnc, a Proof 1826 George VI Crown, a Proof 1937 George V gold 5 Pound, an aEF Anne 1711 Two Guineas, and a gVF William and Mary gold Two Guineas 1694, and these just a selection of some of the incredible coins on offer. A hot international market for quality and rare British along with these being original raw coins that have been somewhat conservatively graded and priced may well see some strong bidding from multiple parties.

Banknote highlights include four key high-grade examples on offer of the 10, 20, 50 and 100 Pound issues. The 20 and 50 Pounds having the impressive pedigree of being ex the M.P. Vort-Ronald collection and the 100 Pounds being one of the finest known of this extremely rare issue. Also featured is a large selection of Pre Decimal and Decimal Starnotes, including many Unc key issues and pairs, with an Unc \$5 Phillips-Randall pair a standout, along with the usual Pre Federation, Specimens, Misprinted notes, First and Last prefixes and so much more.

The Eridmatos Collection features in its own separate PDF catalogue, so you can view this fantastic collection of errors and more in full detail. This can be downloaded or read from the website. There are also some other amazing Decimal error issues on offer, the most significant of which is a rare 1978 Mule 50 Cent with a Fiji Reverse! Other offerings of note include a Resolution and Adventure Medal of Cooks Voyage in silver, a Type 7 (SP 64) and Type 12 (SP 53) Kookaburra Penny, an 1856 Sydney Mint Half Sovereign in AU 53, a rare limited edition Ayrton Senna gold fountain pen, an issued WA Bank 1 Pound 1897 in aEF/EF and so, so much more!

This auction really does present a great buying opportunity with a wide selection of so much high quality, collectable and fresh to market material that is all keenly priced to meet the market. Enjoy this fantastic numismatic event and we look forward to seeing you all for Sale 200!

- 115 China Republic Tea Money Brick N/D c1950-70s (185x232mm, 1150g). Estimated to have begun around 350 A.D, tea bricks are part of Chinese and European culture and were used in China as a form of currency, food, and medicine. All the bricks to this day are scored on the back with indents to allow for easy breakage off the larger block. They were easily converted into silver and widely used as a medium of exchange throughout pre-modern Afro-Eurasia. Mongols and the various Chinese dynasties used brick tea as currency when purchasing their warhorses. Unable to determine date, but interesting piece of monetary history.

Terms And Conditions of Sale

Please read the following "Terms of Sale" carefully. These terms are applicable to all floor, postal and online bidders in this auction. Submission of bids in this Auction constitutes your full acceptance of these "Terms of Sale".

1. All Bids expressed either via Online or live in the saleroom shall remain valid until the fall of the gavel or auctioneer's call of "Sold". All sales are then final. Any bid(s) from any source as acknowledged and relied on by the auctioneer shall not be withdrawn. Bidding in this auction in any way confirms that the bidder personally guarantees all payments, and acknowledges and accepts the Terms and Conditions of sale as set out herein. The auctioneer has final discretion in all such matters. In case of a dispute, the lot(s) in question may be immediately resold. The auctioneer as represented here includes International Auction Galleries as an entity.

2. Auction payments must be made in full within 14 days of the sale date. No lots will be released until payment in full has been made. Payment may be made in Cash, by Personal Cheques (with proper identification, at the discretion of International Auction Galleries) by Bank Transfer or Major Credit Cards as stipulated. Successful Online/Postal bidders will be notified and issued an auction account. All such accounts must be fully finalised within 14 days of the sale date.

3. **A 22% buyer's premium will be added to the knock down price of each lot (includes GST where applicable).** A 1% surcharge will be added for all credit card payments.

4. Unless otherwise specifically stated by the auctioneer, each new bid shall be raised above the previous bid by such amount as is determined by the auctioneer during the course of the auction, and no party shall be allowed to retract his or her bid after acknowledgment by the auctioneer.

5. The auctioneer reserves the right(s) to refuse any bid, withdraw any goods from sale at any time, or disclose reserves or vendor information without having to state any reason.

6. At the fall of the hammer, (if required by the Auctioneer), the purchaser shall give his or her full name and address, and pay 25% of the purchase price deposit. In default, the lot(s) purchased may, at the auctioneer's discretion, immediately be reoffered and resold. All lots sold will remain the property of the owner/vendor until cleared payment is made in full. Only then will the title of ownership of the lots pass to the purchaser, irrespective of any terms or deferment of payment. Payment on approved dealer/trade accounts must be cleared and finalised within 28 days of sale.

7. Except as otherwise provided by state or federal law, no condition or warranty is given or implied by the auctioneer in respect of any lot offered for sale via auction. Lots are available for inspection prior to the commencement of the sale and it shall be presumed that they have been inspected and the purchaser accepts them as offered as is with all faults, on the basis of Caveat Emptor. All lots are inspected and offered in good faith to the best of our determination to be genuine as described (except where so noted), however no guarantee is undertaken with respect to refunds on this basis. No guarantee or right of refund is given on any third party graded items in respect to authenticity or grade. Any purchased item(s) sent for third party grading shall also void any right to return.

8. The auctioneer shall not be liable for any description or mis-description given on any of the goods presented here for sale in any way. Any statement as to the description of goods or grade is given as a statement of opinion only as represented to the auctioneer, and is not to be relied on as a representation of fact. No error or mis-description of any lot shall give cause for an invalidation of sale or an abatement of price (including any quantities expressed) and the auctioneer shall not be held responsible for any such error. The auctioneer gives no warranty or right of return in respect to grading of any lots (as expressed in clause 7). All images used are given as a guide only, and are not guaranteed to be an accurate representation.

9. No lots purchased by a bidder may be returned, including those lots where the bidder is acting as agent for another. There are no returns or refunds except for reason of lack of authenticity (as is stated in clause 7 and 8 above detailing liability). It is assumed that all intending bidders (including all postal and

internet bidders) have obtained their own satisfaction and/or done due diligence on all lots before submitting any bids in any manner, and all bids thusly submitted are subject to the full terms and conditions of sale. Items purchased and submitted to third party grading immediately voids any and all further rights of return. The auctioneer accepts no responsibility for any mistakes in any postal or phone bidding conducted. Late remittance of payments constitutes just cause for revocation of all return privileges. In the event that a bidder is acting as an agent for another party, and that agency has not been disclosed to the auctioneer in writing 24 hours before the sale date, then the bidder is deemed by the auctioneer to be the final buyer in all respects, and is fully responsible for all payments, fees and charges. **In no event may any lot(s) be returned after Twenty One (21) days from the date of the auction. All sales are then final.**

10. If any purchaser fails to comply with any of conditions of sale as outlined here or if any monies paid in any way given on settlement of account for any goods is dishonoured or unfulfilled, then any monies which the purchaser has paid to the auctioneer on account of the purchase shall then be forfeited absolutely to the vendor. The auctioneer acting as agent for the vendor is at liberty to re-sell the lot(s) in any manner and upon such terms and conditions as they may deem proper and/or to then sue the purchaser for any loss or resulting damages as set out below. Damages include all losses and expenses incurred by the vendor or the auctioneer as well as all damages which the vendor or the auctioneer may sustain resulting from any re-sale, storage, debt recovery, legal fees and/or court costs which shall then be recovered from the purchaser as liquidated damages. The auctioneer (acting on behalf of the vendor) in the event of such resale is also entitled to the expenses as set out below:

a) The total amount of any and all commissions and/or buyers premiums applicable or any other fees and commissions lost as a result of the purchaser defaulting on the purchase.

b) The full cost of advertising and all other expenses related to re-sale as deemed necessary, including recovery and legal fees, court costs, interest, storage costs and insurance charges.

c) Any differential in price from the initial sale price to the price achieved in re sale of the items(s).

11. **A service charge of 2% compound per month (or part thereof) will be added to overdue accounts (28 days after the date of Auction is the overdue period for all unpaid accounts).** In any event the title of any lots sold will not pass to the purchaser until the full amount of the purchasers auction account has been fully paid and remitted to the vendor, including any other service charges, storage or any other fees resulting from any late payments.

12. Estimates are given as a guide, and not given as starting points for bidding: Lots may sell for a price greater or less than these estimates. All prices are in Australian Dollars.

13. Postage and Insurance: If a purchaser declines to pay the mandatory insurance charge applied to their account for cover during shipping/postage then they shall assume all responsibility for that item(s). Any possible loss or damage to that item(s) shall then be the purchaser's responsibility.

14. By accepting these Terms and Conditions and/or by making any bid, the bidder guarantees they have the funds or ability to pay for any and all items bid on (including buyer's premiums, insurance, postage and other charges) within the stipulated timeframe as set out above in clause two as part of the Auction Terms and Conditions. Non-payment of accounts within the specified time will be handed to debt collection agencies as a requirement of settlement of the Trust Account.
