Welcome To IAGs Sale 93

Welcome to our first Signature Sale for 2021! This sale presents a fantastic broad selection of rare, interesting and collectable material from over 50 vendors (with several significant estates including hundreds of lots from the estate of Klaus Ford). Sale 93 will once again be held live Online over 2 days – see below for viewing times!

I have never catalogued an Estate of someone I knew so well before, having had a working relationship with Klaus for over 30 years. I must admit I found it a strange experience, and could often “hear” the voice of Klaus in my head as I worked; berating me for not knowing something about an obscure coin or banknote, or arguing the finer points of grading in the way he always enjoyed doing. It was, to say the least, a surreal but pleasant experience.

This auction presents a partial selection of some of Klaus’s better material, with the rest and lesser material still waiting to be sorted for upcoming Online auctions through 2021. It has also been a fantastic experience to have been contacted by so many of Klaus’s old clients, who apart from passing on their sympathies, are delighted to once again be given the opportunity to “buy from Klaus” There is still a ton of material to come (literally) and we look forward to presenting this in various stages through the coming year(s).

The numismatic market has continued its strong run, with Covid causing supply to be the biggest issue. However, we are really seeing a tightening of the amount of high quality stock now, with less and less turning up in the market. As demand continues to surge with the lack of supply, prices have been trending strongly upwards. The price of gold has dropped a bit as the US Dollar has dropped by 10% in recent months, but with the US Treasury printing large quantities of money (along with many other Governments) we feel it is only a matter of time before it surges in price again, as people rush back to it as a store of value and hedge against inflation. Silver has quietly been trending up again, and we have seen that there appears to be some shortages in physical silver, with some international mints struggling to keep up with demand. Can you imagine what would happen to the coin market if Silver did boom to the crazy sorts of levels some people have suggested? Looks like some interesting times could be ahead indeed!

A quick rant – I love PCGS, it certainly has its place and advantages, but sometime their cases being scratched after a period of time really makes it extremely difficult to photograph (being slabbed at all makes it difficult). We are looking at ways to link our third party graded lots in future to give you more options to look at, research and view these items. Slabbed Banknotes are a different issue, and as they have become more prevalent in the market place we have noted several examples that we had previously handled being graded as significantly higher (as much as from aEF to MS 64!). As we cannot personally verify the condition of slabbed notes, we will not be providing any estimate of grading, but will only detail the grade as supplied on the slab along with other general observations.

Some Sale 93 Auction Highlights and more...

The highlight lot for this sale is without doubt the finest known 1852 Adelaide Pound Type II. We have had strong interest in this world class item from several parties, and feel that now the reserve has been adjusted to meet the market, it will find its new home via this auction. There are also some rare banknotes we have handled recently. With the buyer now pivoting in a different direction, these are back and have been priced to attract significant interest. Both the 20 Pound 1913 (R 64) the equal finest known and the 50 Pound 1920 (R 67c) are superb and very rare notes of the finest quality. We have been lucky enough to see a few similar notes in recent times, but this is unlikely to continue, so don’t hesitate and ultimately miss out on the opportunity to acquire these rare issues that rarely come around.

Other banknote highlights include a Specimen 10/- 1952, one of only two such examples known, and previously sold for \$350,000, estimated conservatively at only \$24,000. There is a superb 1 Pound pair 1923 in Unc, a very rare 5 Pound 1927 Note Issue Department, a 5 Pound Starnote 1960 in Unc and so much more! Pre Federation is highlighted by three rare Super-scribed issues including a striking 1 Pound Union Bank, along with numerous rare Specimen issues with a number of high denomination 50 and 100 Pound examples. These have been in strong demand, and are now moving back towards a more fitting pricing level as befits their rarity.

Coin highlights include numerous selections from the estate of Klaus Ford, with some Specimen, Proof and Proof Like issues of the 1934/5 Melbourne Centenary Florin being of particular note. There is a large

selection of gold from four vendors including a nearly complete run of Melbourne Sovereigns, along with many high grade PCGS issues. Other coins of note include a Proof 1934 Shilling and Threepence, a nice 1921/2 overdate Threepence, a high grade Type set, and tons of Choice Pre Decimal including a good selection of PCGS graded coins. A rare Ptolemy II Gold Octadrachm is another wonderful highlight - this large gold issue is of superb style with great eye appeal.

I can’t finish off some brief thought about the highlights in this sale without mentioning the super selection of Misprinted banknotes and Mis-struck error coins, most of which have come from the one old collection. There are so many fantastic, major examples in both sections, and this would have to be the best and most significant such offering in many years. These in demand error issues are always keenly sought after, and bidding is sure to be frenzied on many of the more unique and rare examples.

The above listed highlights really are just the tip of the iceberg for this auction, and a delve into the following pages is sure to lead to the discovery of some gems. We hope that everyone continues to stay safe and well and look forward to the time soon where we can freely travel, meet up at Fairs and in person and continue to share our numismatic passion with all of our clients.

Happy Collecting to all!

Adelaide Pounds

588 1852 Adelaide Pound Type II. Fully and sharply struck with mirror-like satin mint bloom, near flawless proof-like surfaces and no trace of wear. Struck with a fully struck up Orb with every detail on the Crown razor sharp. Full denticles, a sharp rim and fully struck up through the legend. Ex Harold Hastings-Deering (1962) to Dr Smith via Hastings-Deering will (1970s), and Coinworks Eminent Colonials Auction August 2012 (sold for \$370,000, the first time this coin had been publicly offered). Described to me in a recent discussion with Barrie Winsor as - By far the best Type II Adelaide Pound- and we can only but agree. The finest example of this issue known with fantastic eye appeal and one of the most significant Australian coins ever offered. *GEM UNC*

Terms And Conditions of Sale

Please read the following "Terms of Sale" carefully. These terms are applicable to all floor, postal and online bidders in this auction. Submission of bids in this Auction constitutes your full acceptance of these "Terms of Sale".

1. All Bids expressed either via Online or live in the saleroom shall remain valid until the fall of the gavel or auctioneer's call of "Sold". All sales are then final. Any bid(s) from any source as acknowledged and relied on by the auctioneer shall not be withdrawn. Bidding in this auction in any way confirms that the bidder personally guarantees all payments, and acknowledges and accepts the Terms and Conditions of sale as set out herein. The auctioneer has final discretion in all such matters. In case of a dispute, the lot(s) in question may be immediately resold. The auctioneer as represented here includes International Auction Galleries as an entity.

2. Auction payments must be made in full within 14 days of the sale date. No lots will be released until payment in full has been made. Payment may be made in Cash, by Personal Cheques (with proper identification, at the discretion of International Auction Galleries) by Bank Transfer or Major Credit Cards as stipulated. Successful Online/Postal bidders will be notified and issued an auction account. All such accounts must be fully finalised within 14 days of the sale date.

3. A 22% buyer's premium will be added to the knock down price of each lot (includes GST where applicable). Payment by Visa and Mastercard is welcome with no surcharge. **We do not accept AMEX.**

4. Unless otherwise specifically stated by the auctioneer, each new bid shall be raised above the previous bid by such amount as is determined by the auctioneer during the course of the auction, and no party shall be allowed to retract his or her bid after acknowledgment by the auctioneer.

5. The auctioneer reserves the right(s) to refuse any bid, withdraw any goods from sale at any time, or disclose reserves or vendor information without having to state any reason.

6. At the fall of the hammer, (if required by the Auctioneer), the purchaser shall give his or her full name and address, and pay 25% of the purchase price deposit. In default, the lot(s) purchased may, at the auctioneer's discretion, immediately be reoffered and resold. All lots sold will remain the property of the owner/vendor until cleared payment is made in full. Only then will the title of ownership of the lots pass to the purchaser, irrespective of any terms or deferment of payment. Payment on approved dealer/trade accounts must be cleared and finalised within 28 days of sale.

7. Except as otherwise provided by state or federal law, no condition or warranty is given or implied by the auctioneer in respect of any lot offered for sale via auction. As all lots are given for inspection prior to the commencement of the sale, it shall be presumed that the goods have been inspected and that the purchaser accepts the goods are sold with all faults, and all lots are sold as is, on the basis of Caveat Emptor. No error or mis-description of any lot shall give cause for an invalidation of sale or an abatement of price, and the auctioneer shall not be held responsible for any such error, despite all care being taken. All lots are inspected and offered in good faith to the best of our determination to be genuine as described (except where so noted), however no guarantee is undertaken with respect to refunds on this basis.

8. The auctioneer shall not be liable for any description or mis-description given on any of the goods presented here for sale in any way. Any statement as to the description of goods is given as a statement of opinion only as represented to the auctioneer, and is not to be relied on as a representation of fact. Whilst every effort is made, the auctioneer gives no warranty that the quantities or any grading given with respect to the description of any lot as stated is correct. All images used are given as a guide only, and are not guaranteed to be an accurate representation.

9. No lots purchased by a bidder may be returned, including those lots where the bidder is acting as agent for another. There are no returns or refunds except for reason of lack of authenticity (as is stated in clause 7 and 8 above detailing liability). It

is assumed that all intending bidders (including all postal and internet bidders) have obtained their own satisfaction and/or done due diligence on all lots before submitting any bids in any manner, and all bids thusly submitted are subject to the full terms and conditions of sale. Items purchased and submitted to third party grading immediately voids any and all further rights of return. The auctioneer accepts no responsibility for any mistakes in any postal or phone bidding conducted. Late remittance of payments constitutes just cause for revocation of all return privileges. In the event that a bidder is acting as an agent for another party, and that agency has not been disclosed to the auctioneer in writing 24 hours before the sale date, then the bidder is deemed by the auctioneer to be the final buyer in all respects, and is fully responsible for all payments, fees and charges. **In no event may any lot(s) be returned after Twenty One (21) days from the date of the auction. All sales are then final.**

10. If any purchaser fails to comply with any of conditions of sale as outlined here or if any monies paid in any way given on settlement of account for any goods is dishonoured or unfulfilled, then any monies which the purchaser has paid to the auctioneer on account of the purchase shall then be forfeited absolutely to the vendor. The auctioneer acting as agent for the vendor is at liberty to re-sell the lot(s) in any manner and upon such terms and conditions as they may deem proper and/or to then sue the purchaser for any loss or resulting damages as set out below. Damages include all losses and expenses incurred by the vendor or the auctioneer as well as all damages which the vendor or the auctioneer may sustain resulting from any re-sale, storage, debt recovery, legal fees and/or court costs which shall then be recovered from the purchaser as liquidated damages. The auctioneer (acting on behalf of the vendor) in the event of such resale is also entitled to the expenses as set out below:

a) The total amount of any and all commissions and/or buyers premiums applicable or any other fees and commissions lost as a result of the purchaser defaulting on the purchase.

b) The full cost of advertising and all other expenses related to re-sale as deemed necessary, including recovery and legal fees, court costs, interest, storage costs and insurance charges.

c) Any differential in price from the initial sale price to the price achieved in re sale of the items(s).

11. A service charge of 2% compound per month (or part thereof) will be added to overdue accounts (28 days after the date of Auction is the overdue period for all unpaid accounts). In any event the title of any lots sold will not pass to the purchaser until the full amount of the purchasers auction account has been fully paid and remitted to the vendor, including any other service charges, storage or any other fees resulting from any late payments.

12. Estimates are given as a guide, and not given as starting points for bidding: Lots may sell for a price greater or less than these estimates. All prices are in Australian Dollars.

13. Postage and Insurance: If a purchaser declines to pay the mandatory insurance charge applied to their account for cover during shipping/postage then they shall assume all responsibility for that item(s). Any possible loss or damage to that item(s) shall then be the purchaser's responsibility.

14. By accepting these Terms and Conditions and making any bid, the bidder guarantees that they have the funds or ability to pay for any and all items bid on (including any buyer's premiums, insurance and postage as required) within the stipulated timeframe as set out above and as part of the Auction Terms and Conditions.

15. All images, text and information supplied in this catalogue remain the property of International Auction Galleries, and may not be used or transmitted in any way without prior written permission. Note - Images may not be shown to scale.
