

# LAG's Significant Signature Auction 94 – September 2021!

*Sale 94 includes a number of Rare Medal groups.*

LAG's next major Signature Auction, Sale 94 - to be held in mid September 2021 - will perhaps be the best and most important auction they have run in the last 10 years! Covid restrictions have again played havoc with several key consignments currently stuck interstate, however the quality and depth of material already received for this auction is truly breathtaking.

One of the key areas featured is an old British collection of Crowns, featuring several key coins such as the Cromwell and Commonwealth issues in particular in superb high grade. From the same consignment is a small but rare collec-

tion of medals, featuring the first Gallantry medal awarded to an Australian for Military Service, a group of four from the famous 93rd Highlanders and medals from the Boer, Crimean, China and Indonesian wars. Also from the same collection is a collection of choice Proclamation coins including many of the gold issues.

There are several banknote collections featuring many key highlights; headlined by not one but two rare 100 Pound note issues (1924) of both types (R 69a and R 69b). Also highlighted is a 10 Pound 1918 (R 52c) in gVF/aEF, a 1 Pound 1933 Specimen note and a huge

selection of issued and specimen Pre Federation, Pre Decimal, Decimal, Star-notes, Specimens and First and Last prefix banknotes. Also on offer in this impressive sale is part two of a significant Misprint collection, with some major and important error notes on offer.

Other items of note so far catalogued include a Type 1 Adelaide Pound in MS 61, two Type II Adelaide Pounds, a Type 3 and Type 12 Kookaburra Penny, a number of Pre Decimal Proof coins including a 1916 Halfpenny, a 1947Y and 1948Y Penny, a Proof 1937 Crown and a 1934 set all FDC, all along with two 1930 Pennies, a Dump in gVF, a Specimen

*Just part of the Superb British Crown Collection.*

A rare 100 Pound 1924 is one of two such examples in Sale 94

1934/5 Melbourne Centenary Florin and so much more.

Along with these many highlights is Part Three of the vast Estate of former dealer Klaus Ford, a large quantity of gold, World Coins and Banknotes, tokens, medals, error misstrikes, Pre Decimal and Decimal banknotes, a huge

selection of Pre Decimal Coins including PCGS along with several large estate consignments that includes numerous RAM, Perth and NPA mint issues, sets, bulk and unreserved lots.

Sale 94 is now being finalised for printing, with the auction set to open in early September – when the catalogue for

Sale 94 can be downloaded and bidding will open.
